Jillian Climie (she/her)

Jillian Climie, Co-Founder of The Thoughtful Co., has spent her career advising and leading teams in executive compensation and corporate governance, both as a consultant, and in-house at two global retailers. Most recently at Lululemon, she led the global equity and executive compensation programs. She co-founded The Thoughtful Co. so she can leverage her niche and technical experience, coupled with her passion for gender equity, to 1) empower women to get paid what they deserve, and 2) empower employers to build more inclusive workplaces. She supports clients across Canada, the US and the UK.

Sophie Warwick (she/her)

Sophie Warwick, Co-Founder of the Thoughtful Co., specializes in developing in-house gender equity policies and chairing Employee Resource Groups and advocacy groups. She uses her data analysis expertise from her engineering background to define targets and track growth and retention. In 2018, she Co-Founded Women in Consulting Engineering (WCE), a non-profit organization to support and empower women in engineering. She co-founded The Thoughtful Co. so she could build more gender inclusive workplaces, help women in advocating for their value, and build representation of women at senior levels in all industries.
