Workshops

Powerfully Negotiating Your Value (60 minutes)

This workshop will help you frame your compensation ask. We walk through our compensation negotiation template that helps our clients achieve a +25% increase in their compensation package on average, and practice using it with other attendees. By mastering these strategies, you'll gain confidence in advocating for your worth and securing equitable compensation that aligns with your skills and contributions. We leave time for group discussion and Q&A to ensure all your questions are answered.

This workshop is led by either Jillian Climie or Sophie Warwick, see speaker bios below.

Key takeaways include:

- What elements should, and should not be brought up during a negotiation.
- A powerful "script" to help guide you in all future negotiations.
- Understanding how to articulate your unique strengths.
- How to effectively prepare before a negotiation.
- How women can combat the bias they face in negotiations.

Format: we offer both virtual and in-person workshops. Contact us today to learn more about our fees.
